

INGEST, EDIT, ARCHIVE, MANAGE, DELIVER!

High Performance Storage and LTO Archival

TOLIS Group's ArGest® Studio Rack and ArGest® Mobile Cube

Portable Archive and Ingest - The Road is No Longer a Dangerous Place For Your Data

TOLIS Group's ArGest units are self contained portable kits that provide incredibly fast high-speed storage and industry standard LTO backup and archival in a single, quiet, easy to use road warrior configuration for editors, videographers, music production/ front of house teams, photographers, and other creative artists in the field.

You shouldn't have to wait; ArGest makes sure that you won't!

The ability to ingest a REDMag at full performance, while editing a 5K sequence and archiving footage to LTO-5, LTO-6, or LTO-7 media at full speed from the same late-model Mac Book Pro means that you can spend more time doing what you want to do with your data instead of waiting for your data to become available on your portable system while on location.

With sustained Thunderbolt 1 media ingest speeds of up to 800MB/sec (SSD systems) or 1.4GB/sec (Mac Pro), 500MB/sec (HDD systems), LTO-7 speed at least as fast as LTO-6, but very dependent on your storage performance, LTO-6 speeds of over 180MB/sec (.65TB/hour) and LTO-5 archive write speeds of 140MB/sec (.5TB/hour) using your choice of BRU Producer's Edition or BRU Server software (included), the road is no longer a dangerous place for jobs generating large amounts of data.

PRODUCT HIGHLIGHTS

Available in SSD and HDD rack mount and desktop configurations - performance and capacities for most budgets

Easily connected via SAS or Thunderbolt - full performance and plug and play operation in either configuration

The ArGest Cube is over 40% quieter than other external tape devices (even ours) - quiet operation means that you hear what you're editing, and are not distracted by loud fans

Easily perform ingest, edit and archival operations simultaneously - performance of over 1GB/sec (SSD) and 500MB/sec (HDD) means you don't have to choose one task over another

Long Life, enterprise class disks and long term LTO-based storage life - 2+ Million hours MTBF 2.5" disk and 50+ years LTO storage mean that you only need to worry about getting the shot rather than if you'll be able to actually edit it later

BRU Producer's Edition™ and BRU Server™ software make archiving a snap - whether you're a one person shop, or part of a major studio operation, the BRU software solutions provide easy to use operation and easy to share archives thanks to BRUsetta Stone "wrap" CD/DVD and easy tape import

TOLIS Group provides and supports CatDV and DAX Broadcast Archive add-ons to all BRU Server ArGest unit for Digital Asset Management (DAM/MAM), all supported by TOLIS Group

ARGEST® RACK AND CUBE UNITS

Units are 6GB SAS and come with the below listed storage, integrated LTO-7, LTO-6, or LTO-5 tape drives, SAS HBA, SAS cables, media, cleaning cartridge, BRU Producer's Edition 3.0 license, three year hardware warranty and three year software support and maintenance.

All technical support and warranty is provided directly by TOLIS Group Technical Support, with one phone call to TOLIS Group Technical Support for all components.

ArGest Rack Units

ArGest Rack SSD units

ArGest SSD 20 Rack	2TB, 4 x 500GB SSD	From: \$8,599
ArGest SSD 40 Rack	4TB, 4 x 1TB SSD	\$10,299

ArGest Rack HDD units

ArGest HDD 20 Rack	2TB, 4 x 500GB 7200RPM Disk	\$5,699
ArGest HDD 40 Rack	4TB, 4 x 1TB 7200RPM Disk	\$5,999
ArGest HDD 80 Rack	8TB, 4 x 2TB 7200RPM Disk	\$6,499
ArGest Rack Expansion units, 16, 24, 32, and 48TB, from		\$5,499

ArGest Thunderbolt Rack Tape units

ArGest TB LTO Rack - 1 or 2 LTO Tape drives inside Sonnet III-R unit, or 1 tape and 2/4TB HDD/SSD disk from		\$6,492
---	--	---------

ArGest Rack Options

Sonnet xMac Mini Server Thunderbolt		\$1,249
Add CatDV and DAX for DAM/MAM, starting at \$1,656.50		

ArGest Mobile Desktop Cube

ArGest Cube SSD units

ArGest SSD 20 Cube	2TB, 4 x 500GB SSD	From: \$8,499
ArGest SSD 40 Cube	4TB, 4 x 1TB SSD	\$10,199

ArGest Cube HDD units

ArGest HDD 20 Cube	2TB, 4 x 500GB 7200RPM Disk	\$5,599
ArGest HDD 40 Cube	4TB, 4 x 1TB 7200RPM Disk	\$5,899
ArGest HDD 80 Cube	8TB, 4 x 2TB 7200RPM Disk	\$6,399

ArGest Cube Options

Sonnet Echo Express SE II Thunderbolt (includes 1M cable)		\$449
HighPoint RS 6328 Thunderbolt unit with 1M cable		\$699
Add CatDV and DAX for DAM/MAM, starting at +\$1,656.50		

***ArGest units normally ship configured for RAID 0 (striped) operation for performance and capacity. RAID 5 is available, please specify RAID option when ordering.

- Adding the Sonnet Thunderbolt to SAS bridge units allow the units to be used with any Thunderbolt-enabled Mac
- BRU Server, BRU PE, CatDV and DAX software only options available to add to your existing hardware configuration
- Larger tape libraries of up to 540 slots and forty two tape drives available.
